RESNOTE DISTRIBUTION SCHEDULE AND REQUIREMENTS:

This RESNOTE is normally distributed prior to the first drill weekend of each month. This allows all SUBPAC reserve units to incorporate copies of the RESNOTE with their Plans of the Month. Paper distribution is for the benefit of those reservists without E-mail and is mandatory. Unit COs should ensure the RESNOTE is distributed to all members in their unit. If you know of any submariner outside a Program One unit, please forward a copy to them and forward their e-mail address to the CDR David Hill at hillhd@westinghouse.com so we can put them on our distribution list.

Roundtable VTC on May 5

On May 05, 2001, 1030-1230 there will be a CO Roundtable VTC. CDR Mike Brown is coordinating he can be contacted at mbrown@essentialmarkets.com.

Updated WEB Pages

Unit Senior Enlisted Advisors

Subj: UPDATED WEB PAGES AND REQUEST FOR INFORMATION

1. Over the past several weeks, there have been many changes to the COMSUBPAC USNR Web site, located at: WWW.SUBPACNR.NAVY.MIL. As you review the web site, you will notice several new pages, some which are still under construction. The site has great potential, and it is my goal to implement and take advantage of this potential over the next several months.

2. In order to ensure the web site reflects accurate unit information, would you pls provide to me, the following information by 7 June 2001: Commanding Officers name (for example: LCDR Steve Jones); contact phone number: (W) (xxx) 123-1234 ext 21; alternate contact number (if appropriate); Fax number (if appropriate) and email address. This same information is requested for the Unit SEA. This information will be placed on your units web page.

With regards to your e-mail addresses: I prefer that you provide a .mil e-mail address. This can be obtained for free at: <http://hq.cnrf.navy.mil/>. This .mil system will allow you to auto-forward all e-mail to your own personnel account, allowing for some privacy, where-ever your personal account is located.

I would also encourage the use of several of the internet fax/e-mail systems (ie: WWW.EFAX.COM, WWW.YAHOO.COM, etc). Again, these systems are free, the fax number becomes yours for life, and these systems allow faxes to be sent directly to your e-mail system.

3. Another page being developed, the "Awards" web page, is provided to document and list those awards and recognition our personnel receive (Sailor of the Month, LOA's, LOC's, Navy-Marine Corp Achievement Medal, Bilger award, etc). This also includes unit awards. The format for this page is: Unit Name, Member Name, type of award. Pls send this information to me at: donnellydw@hq.cnrf.navy.mil.

4. I am in the process of working with CDR Dunan to implement, within our web site, a "secure" web page, to facilitate the storage and accessibility of sensitive (but unclassified), information (RUP, CO/SEA/UNIT roster lists, etc). Watch for upcoming features.

5. As you review the site, I encourage you to send me information you would like associated with your page. As an example, pls review the CSG 7 Detachment's Annual Training web pages. This is an excellent way of providing local site Annual Training arrival/processing information. I also encourage you to provide me event or exercise (unclass) information you would like posted on our/your web site/page. Again, an effective way to advertise our excellent people, products, processes, etc.

6. In closing, pls watch the site as it changes and grows over the next few months. Some of the enhancements coming are: CO Workshop Web Page, a password protected web page, a forms page (AT, IDTT, etc).

Very Respectfully
MTCM(SS) David W. Donnelly

Request your assistance in getting the word out via email, RESNOTE, or any other means. If you have any questions please give me a call. Following paragraph is a description of the billet. Thanks for your help.
